

## Walk-In Cooler and Freezer Panel

## Flame Rating and Smoke Developed Ratio

Walk-In Coolers Using 4" or 6" Expanded Polystyrene Insulation Materials Provide

ASTM E-84 (UL Procedure 723)

Flame Spread Speed Rating of less than 25

Smoke Developed Ratio of less than 450

Freezers

Using 4" or 6" Urethane (Polyisocyanurate) Insulation Materials Provide

ASTM E-84 (UL Procedure 723)

Flame Spread Speed Rating of less than 25

Smoke Developed Ratio of less than 450
